

My role as a Lay Pastoral Assistant in the Parish of Three Saints and my work as a librarian – Carla Searle

I have worked for the Somerset Library Service for ten years as a Library & Information Assistant and during this time the role has grown considerably. Also I have recently been commissioned as a Lay Pastoral Assistant for The Parish of Three Saints. My job in this case is to listen, help and sign-post people of all ages to information, resources, clubs and/or organisations that will assist them with their current and future needs. I look forward to meeting you within the Library setting where we offer to educate, inform, entertain and support everyone who crosses the threshold.

Libraries are not where “Shush” happens!
